

Sr. No.	Name of Organization	Profile
1	Electrolab India	Electrolab established in 1984, manufactures pharmaceutical testing equipment and peristaltic pumps which are used in several industries. Electrolab exports 50% of its production worldwide.
2	Kamal (E) Industries	Kamal E Industries , are one of the prime Manufacturers, Exporters and Suppliers of Machinery used in processing and packaging of products from domains like food, beverage, pharmaceutical, chemical and more. Our wide range of products include Planetary Mixer, Capsule Filling Machine, Bottle Capping Machine, Pulverisor, Bung Washing Machine, Conveyors, Tableting Machine, etc.
3	Osworld Scientific	Osworld Scientific Equipments Pvt. Ltd. is a leading manufacturer, supplier and exporter of laboratory and scientific equipment. Founded in 1972, Osworld is globally recognized for the quality of its products, excellent customer service, and loyalty, which has created a network of satisfied clients across the globe
4	Arbes Tools	TOOLTRONICS is a privately owned company, with production facilities equipped with the latest CNC machining centers. Together with a team of experienced and dedicated professionals, Tooltronics believes in providing quality encapsulation process equipments. ARBES Equipment Across The World TOOLTRONICS is today, a recognized player in the global softgel processing industry with a client base spread across six continents.
5	Parle Global Technologies	Parle offers an extensive product range, from Granulation, Tableting, Packaging, Tablet Printing & Tube Filling truly making us a “One Roof Solution for Healthcare”.
6	Anchor Mark Pvt LTD	Anchor Mark Private Limited was first established in the name of Anchor Mark in 1980 with the objective of manufacturing and marketing machineries for the pharmaceutical, food, beverage and cosmetic industry. While the company initially started with the manufacture of manual and semi-automatic capsule filling machines, it has now grown into a full-fledged manufacturing set-up with production lines at two different locations in the metropolis of Mumbai.
7	Maharishi Udyog	Maharshi represents a conglomerate of companies whose range of operations span various industries like Pharmaceuticals, Distilleries & Breweries, Cosmetics & Toiletries, Lube & Edible Oil, Pesticides, Food & Ancillaries etc. Maharshi Promoted by Mr. Rajesh Shah with a modest beginning in 1980, today it is a multi-product & multi-locational engineering group with proven capabilities in design, development & manufacturing of Packaging machinery and material for above industries. The group has been a host to provide solutions to specific needs for packaging requirements.
8	Accu Pack Engg.	Accupack is a fast emerging business group offering Engineering solutions for pharmaceutical industries around the world. We are Asia's largest Format parts manufacturers. With experience spanning over 20 Plus Years, we have emerged as trusted partners for several big pharmaceutical companies around in the world in manufacturing and supplying of Format parts for Blister and cartoning Machines. Our offerings also include Blister Packing Machines, Cartoning Machines, Wrapping Machines, Software for Operational Intelligence – PLEXUS.

9	Ami Polymers	Established in the year 1996 at Mumbai (Maharashtra, India), we "Ami Polymer Pvt. Ltd.", are an ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007 certified company devoted towards Manufacturing and Supplying the finest quality range of Silicon Rubber Products, Mechanical Seals, Silicon Tubes And Hoses, Silicon Gaskets, Rubber Cords, Rubber O-Rings, etc. These products are widely demanded for their high strength, precise design and durable finish standard. The offered product range is manufactured in compliance with the set industry standards using quality assured rubber material, silicon material and modern techniques under the strict supervision of our experts.
10	Jetspray Innovations	Jetspray Innovations Private Limited is the latest brand in the global market to indigenously Innovate, Design & Manufacture Solutions for Process Industries, which include Cleaning Systems, Sampling Systems, Industrial Spraying Systems & Atomizers. We at Jetspray Innovations Private Limited provide the best in quality products for the process industries. Providing the best in quality products to our customers with an innovative touch. We also manufacture tailormade products on request of our customers which has helped us gain a good market presence. We not only supply products but also provide full solutions to our customers as per their needs & requirements.
11	Khimsaria Associates	KHIMSARIA ASSOCIATES has partnered with Technology Savvy companies with Sound Design, Engineering and Manufacturing infrastructure and are already established leaders in their respective core competence area with a vision to develop new & innovative solutions on par with global standards for Pharmaceutical Industry.
12	Beckhoff Automation	Beckhoff implements open automation systems based on PC Control technology. The product range covers Industrial PCs, I/O and Fieldbus Components, Drive Technology and automation software. Products that can be used as separate components or integrated into a complete and seamless control system are available for all industries. The Beckhoff New Automation Technology philosophy represents universal and open control and automation solutions that are used worldwide in a wide variety of different applications, ranging from CNC-controlled machine tools to intelligent building automation.
13	Elomatic Pharmed Consulting & Engineering	Elomatic, India is a turnkey engineering and consulting company dedicated to the life sciences sector. It is a joint venture of Elomatic Oy, which is a leading European multidisciplinary industrial engineering, consulting and software design company from Finland.
14	Fabtech Engineering	Fabtech is a global Engineering and Fabrication company specializing in innovative turnkey solutions for Pharmaceutical, Biotechnology and Healthcare segments With over 14 years of experience, and more than 700 installations in over 42 countries, we have grown into one of the leading engineering and construction partners for pharmaceutical and allied industries.
15	Neelam Industries	Since its foundation in Gujarat in 1983, Neelam Industries has become one of the leading manufacturer of a wide range of Injectable Project Equipment, Ointment / Cream Plant , Cosmetic Industries Equipment, Liquid & Oral Project Equipment, API Plant Equipment, Tablet Plant Equipment and food & Processing Plant Equipment.
16	Thermolab Scientific	Thermolab's core interest lies in stability chamber manufacturing, exporting, testing services, stability storage & analytical services. Also, the company looks into after sales support strength, contract manufacturing of pharmaceutical products.

17	Technofour Electronics Private Limited	<p>Technofour Electronics Pvt. Ltd., (TEPL) is a part of 'Technofour' Group, Pune, India. Technofour was established in 1972 with core strength in 'Eddy Current Technique'.</p> <p>TEPL is a leading manufacturer and exporter of Metal Detection Systems and Checkweigher Systems in India. With over 15,000 Metal Detection Systems and 4,500 Checkweigher Systems installed and operating successfully in various Pharmaceutical, Food, Soap, FMCG and Chemical Industries in India and around the globe, TEPL is a Leader in Product Checking Systems in India and now spreading their footprint around the globe.</p>
18	Ace Process Equipment	<p>With a perfect combination of innovative manpower and an advance technical setup, Ace Process Equipment has emerged as a leading manufacturer, exporter and supplier of premium quality pharmaceutical & medical equipments, hospital furniture and other process equipments. Our wide range of products includes Filter Presses, Bottle Washing M/c, Volumetric Liquid Filling M/c, Fluid Bed Dryer, Octogonal Blender, Square Bin, Distilled Water Storage Tank, Distilled Water Tank, Pressure Vessel, Hospital Furniture & Equipment, etc.</p>
19	ACG Pharmapack Pvt. Ltd	<p>Acg Pharma Pack Pvt Ltd - Manufacturer of one piece capsules, two piece capsules & normal gel capsules in Satara, Maharashtra.</p>
20	GMP Technical	<p>GMP Technical Solutions Pvt. Ltd. is India's Largest Manufacturer of Cleanrooms Partitions, Doors, Cleanroom Equipment and Fire Rated Doors. GMP also Specialises in undertaking Turnkey Cleanroom Projects of various industries like Pharmaceutical, Biotechnology, API, Medical Devices, Medical Supplies, Semiconductors, Nanotechnology, Aerospace, Food Processing, Precision Engineering, Automobile, Solar panels manufacturing, Optical Manufacturing and various other industries.</p>
21	Glatt (India) Engg.	<p>Glatt is a market leader in life science systems for the refinement and processing of powders. With the introduction of our technology for powder synthesis, we have been expanding our expertise since 2015 to include innovative particle design as an upstream process. As a result, we are now able to offer you integrated solutions throughout the entire value chain – from primary particle manufacturing to refining, and right up to finished tablets. With 15 branches and subsidiaries worldwide, we support customers in pharmaceuticals, food and feed processing and fine chemicals through our innovative process solutions. Do you have a product idea? We can assist you along the entire process chain. From the development of the process to the construction of your entire plant.</p>
22	Ika India Pvt. Ltd.	<p>IKA laboratory technology offers a wide range of innovative equipment for numerous applications in research and development. Market leaders trust in our proven technology for their mixing, heating, distilling and crushing applications. IKA has gained a leading position in the world market with its innovative magnetic stirrers, mixers, overhead stirrers, shakers, homogenizers, mills, rotary evaporators, calorimeters, laboratory reactors and specially developed software for laboratory and analysis applications, as well as temperature control products such as circulators, baths and chillers</p>
23	Esteem Industries Inc	<p>Esteem Industries Inc., incepted in the year 1984. in Himanchal Pradesh, India, we "Esteem Industries Inc." are the distinguished Manufacturer, Exporter and Supplier of supreme grade Laboratory Equipment, Forensic Equipment, Medical Equipment, Laboratory Autoclave, Laboratory Instrument, Surgical Instrument, etc. These products are marketed under the brand name of "Esteem". The offered products are manufactured with great precision by making use of supreme grade components with the help of modular machines and techniques in compliance with set industry norms.</p>

24	Evonik India	Evonik Health Care partners with the world's pharmaceutical, medical device and nutraceutical companies to transform complexity into value. Our products have its application in - Oral Drug Delivery Eudragit and related formulation development services - Parenteral Drug Delivery Resomer for controlled release application - API and intermediates Generic APIs, Phosphonium Salts, Boronic acid - Amino Acids Rexim and Rexiva amino acids for Pharmaceutical and Food application - Cell Culture cQrex range of dipeptides and performance boosters - Health ingredients Advanced Food ingredients, Functional coatings and dietary supplements
25	Karnavati Engineering	Karnavati Engineering was established in 1981 to supply differentiated and customized machinery to the pharmaceutical industry through innovative thinking and quality assurance. The company manufactures tablet compression, capsule filling machines, R&D instruments, punches and dies and granulation equipment. The division's manufacturing facility in Kadi, Gujarat confirms to the most stringent global cGMP standards. The company's core strength lies in customizing and configuring machinery depending on the end product.
26	Jicon Technologies Pvt. Ltd.	Manufacturers and Exporters of Plant and Machinery for Pharmaceutical Formulation - with focus on Oral Solid Dosage tablet section and capsule section and Topical ointment section Machinery. We have a wide range of machinery to suit almost all kinds of applications as per requirements of different customers from different countries in terms of scale - from lab scale to large batch production - and in terms of automation - from very cost effective but practical semi automatic operations to highly sophisticated fully automated systems. Please connect with us to discuss your pharmaceutical machinery needs and we will offer you the most suitable solutions for your needs.
27	EQUITRON MEDICA PRIVATE LIMITED	EQUITRON MEDICA specializes in MicrobiologyQC, HealthcarePathology and RDOrganic Chemistry equipment. Our distinctive and specialised range of Autoclaves cater to varied applications and are offered in Vertical, Horizontal and Benchtop versions. A wide range of Ovens and Incubators meet most requirements for microbiology applications. Our Water Baths, Refrigerated-Circulating Baths and Round Oil Baths are ideal for diverse applications in QC and RD with temperature control ranging from -25 to +300°C. For RD labs, our advanced Rotary Vacuum Evaporators enable automation and convenience in your distillation requirements. In addition, EQUITRON offers a differentiated histopathological instrument range to make your processes more efficient.
